## Layer on security at every step

### 1 Be prepared for every visit

Pre-register guests so you know exactly who to expect and when to expect them.

### 2 Keep out unwanted visitors

Know if visitors appear on internal or third-party block lists, or if they have an invalid ID.

### 3 See at-a-glance who's signed in

Visitor badges provide extra identity verification.

### 4 Protect your intellectual property and visitors' safety

Collect visitors' signatures on NDAs and waivers.

### 5 Know who's come and gone

Record when visitors sign out. In the event of a breach or emergency, it's easy to see who was or still is on site.

	NAME	LEGAL DOCS	SIGNED IN	SIGNED OUT
GM	Gina McKinley	✓ NDA signed PDF	9:32 am	10:36 am
AP	Avneesh Purohit	✓ NDA signed PDF	11:56 am	1:27 pm
JB	Julien Bisset	⚠ Waiver skipped	1:16 pm	4:22 pm
CY	Chin Yee	✓ Waiver signed PDF	2:01 pm	3:38 pm
ET	Emily Thomas	✓ NDA signed PDF	2:10 pm	4:01 pm

## Get more value from the security systems you already use

Make security automatic by connecting Envoy to the tools that keep your workplace safe.

### Assign visitors access to the right areas

Connect your access control system to Envoy to take the guesswork out of issuing badges. Make sure visitors don't stray into restricted areas.

## Secure your on-site deliveries

Whether you're receiving an employee's personal packages or sensitive business deliveries, Envoy helps secure your mailroom and everything in it.

[envoy.com](http://envoy.com) | Reach out to [hi@envoy.com](mailto:hi@envoy.com) to start your free trial.

## Spot trends with detailed analytics

See which days and times your lobby is busiest so you can scale up your security or staffing accordingly. Know when employees host more guests than your office allows.

### Most visited employees

RANK	EMPLOYEE NAME	VISITORS
1	Ashwini Gadgil <span>LEADER</span>	48
2	Olivia Smith	47
3	Doug Williams	32

### Average visitors per hour
